

1 Samuel 23:28

Authorized King James Version (KJV)

Wherefore Saul returned from pursuing after David, and went against the Philistines: therefore they called that place Selahammahlekoth.

Analysis

Wherefore Saul returned from pursuing after David, and went against the Philistines: therefore they called that place Selahammahlekoth.

Saul's forced withdrawal provides David's escape. The Hebrew place name 'Selahammachelekoth' means 'rock of divisions/escapes' (or 'rock of parting/slipping away'), commemorating this dramatic deliverance. The naming of locations after significant events was common in Israel's history, creating geographical markers of divine faithfulness. Saul 'returned' (shub) from pursuing David—the same verb used for repentance—yet this was merely tactical retreat, not heart change. His grudging response to national duty over personal obsession preserved David while revealing Saul's disordered priorities. The rock of escapes became a memorial to God's deliverance.

Historical Context

Naming places after significant events created lasting memorials in Israel's landscape. This rock remained known by this name, reminding later generations of David's narrow escape and God's providential timing through the Philistine invasion.

Related Passages

Colossians 1:16 — All things created through Christ

Genesis 1:1 — Creation of heavens and earth

Study Questions

1. What 'rocks of escape' in your life serve as memorials to God's deliverance?
2. How do you commemorate God's interventions to strengthen future faith?
