

Acts 5:18

Authorized King James Version (KJV)

And laid their hands on the apostles, and put them in the common prison.

Analysis

The second arrest - 'laid their hands on the apostles, and put them in the common prison' - escalated beyond the first (Acts 4:3). Plural 'apostles' suggests multiple arrests, not just Peter and John. 'Common prison' (Greek 'tērēsis dēmosia,' public holding) was likely more harsh than previous 'hold,' signaling increased severity. This pattern - escalating persecution meeting steadfast witness - characterizes church history. The authorities' inability to stop gospel despite imprisonment demonstrates Word's power transcending human restriction.

Historical Context

Roman-era prisons were primarily holding facilities before trial, not punishment sites. Conditions were harsh - dark, unsanitary, sometimes below ground. The public prison's use made apostolic arrest widely known, increasing confrontation's stakes. Jewish authorities lacked execution power (requiring Roman approval) but wielded arrest authority.
