

Acts 5:37

Authorized King James Version (KJV)

After this man rose up Judas of Galilee in the days of the taxing, and drew away much people after him: he also perished; and all, even as many as obeyed him, were dispersed.

Analysis

Judas of Galilee led another failed revolt, reinforcing Gamaliel's pattern of doomed human movements. The phrase 'perished' and 'scattered' emphasizes the futility of opposing God's purposes through mere human strength. Gamaliel's examples aim to calm the Sanhedrin's violent intentions, showing how God can use even incomplete theological reasoning to protect His people and advance His kingdom.

Historical Context

Judas of Galilee led a tax revolt in 6 AD when Rome instituted direct taxation in Judea. This spawned the Zealot movement's violent resistance to Rome. His death and followers' scattering followed the pattern of failed messianic movements. The 'taxing' refers to the census under Quirinius mentioned in Luke 2:2.

Related Passages

Ephesians 2:8 — Salvation by grace through faith

Study Questions

1. How do failed historical religious and political movements demonstrate the unique divine authority behind Christianity?
2. What does the pattern of scattered followers teach us about movements built on human charisma versus divine truth?
