

# Daniel 7:1

Authorized King James Version (KJV)

In the first year of Belshazzar king of Babylon Daniel had a dream and visions of his head upon his bed: then he wrote the dream, and told the sum of the matters.

## Analysis

Chapter 7 shifts from historical narrative to apocalyptic vision: 'In the first year of Belshazzar king of Babylon Daniel had a dream and visions of his head upon his bed: then he wrote the dream, and told the sum of the matters.' The chronology returns to earlier period (Belshazzar's first year, circa 553 BC), before chapter 5's events. The phrase 'visions of his head upon his bed' indicates divinely sent revelation during sleep. 'Wrote the dream' shows prophetic responsibility to preserve revelation for future generations. This chapter provides heavenly perspective on earthly kingdoms, complementing chapter 2's vision from pagan king's viewpoint.

## Historical Context

Belshazzar ruled as co-regent with his father Nabonidus from approximately 553 BC. Daniel's vision came during relatively peaceful period before Babylon's fall. The apocalyptic genre—symbolic visions requiring interpretation—became prominent in this period and influenced later biblical literature (Ezekiel, Zechariah, Revelation). The vision's preservation in writing ensured transmission to later generations. Ancient Near Eastern culture valued dreams as divine communication but typically sought interpretation through divination; biblical prophecy emphasized divine initiative in sending and interpreting visions.

## Study Questions

1. How does receiving revelation from God's perspective (chapter 7) complement seeing history from human perspective (chapters 1-6)?
2. What does the command to write the vision teach about Scripture's role preserving divine revelation for future generations?
