

# Daniel 7:12

Authorized King James Version (KJV)

As concerning the rest of the beasts, they had their dominion taken away: yet their lives were prolonged for a season and time.

## Analysis

---

This verse provides crucial distinction: "As concerning the rest of the beasts, they had their dominion taken away: yet their lives were prolonged for a season and time." Unlike the fourth beast's destruction (v. 11), the first three beasts (Babylon, Medo-Persia, Greece) lost political power but their cultural influence continued. Babylonian, Persian, and Greek culture persisted even after political dominance ended, their legacies absorbed into subsequent empires.

The phrase "prolonged for a season and time" indicates temporary extension without eternal significance. These empires contributed to human history's development—Babylon's law codes, Persian administration, Greek philosophy and language—yet ultimately passed away. Their cultural influence prepared the world for Christ (Galatians 4:4), demonstrating God's providential use of pagan civilizations for redemptive purposes while ensuring none achieved eternal status.

The contrast with the fourth beast's fiery destruction emphasizes degrees of judgment. While all human kingdoms are temporary and subject to divine sovereignty, the final anti-Christian empire faces uniquely severe judgment due to its direct, blasphemous opposition to Christ and His church. This teaches that while all fall short of God's glory, self-conscious rebellion against revealed truth incurs greater condemnation than ignorant paganism (Luke 12:47-48). Christ's kingdom alone achieves eternal permanence (Daniel 2:44).

## Historical Context

---

Historically, Babylonian cultural influence (law, astronomy, mathematics) continued under Persian rule. Persian administrative systems persisted under Greek dominion. Greek language and philosophy shaped Roman culture and provided the linguistic vehicle for New Testament composition. Each empire left cultural legacy even after political collapse, fulfilling the "prolonged for a season" prophecy.

This pattern demonstrates God's sovereign orchestration of human history toward redemptive climax. Pagan empires, though unaware, prepared the world for Christianity through establishing common languages, infrastructure, and cultural frameworks that facilitated gospel spread.

## Related Passages

---

**Genesis 1:1** — Creation of heavens and earth

**Psalms 19:1** — Heavens declare God's glory

## Study Questions

---

1. How does the distinction between political dominion ending and cultural influence continuing apply to understanding modern empires and their legacies?
2. What does God's use of pagan civilizations to prepare for Christ teach about divine providence working through unconscious instruments?
3. How does the contrast between temporary extension and eternal judgment encourage proper perspective on earthly political systems?
