

# Daniel 8:24

Authorized King James Version (KJV)

And his power shall be mighty, but not by his own power: and he shall destroy wonderfully, and shall prosper, and practise, and shall destroy the mighty and the holy people.

## Analysis

---

The description "his power shall be mighty, but not by his own power" reveals Antiochus's authority derived from external sources—politically from Seleucid Empire resources, spiritually from satanic enablement. This parallels descriptions of the Antichrist (2 Thessalonians 2:9) whose power comes from Satan. Human tyrants serve as instruments of spiritual evil, consciously or unknowingly advancing demonic agenda when persecuting God's people.

"He shall destroy wonderfully" (Hebrew: *veniphla'ot yashchit*, וְנִפְּלְאוֹת יַשְׁחִיֵּית) means "destroy remarkably" or "extraordinarily"—his destructive capacity will be astonishing. "Shall prosper, and practise" indicates apparent success; his policies seem effective, wickedness appears vindicated. "Shall destroy the mighty and the holy people" identifies his primary targets: political leaders ("mighty") and covenant faithful ("holy people"). Persecution particularly targets those most committed to God.

This warns that Satan's servants will sometimes prosper temporarily. Divine permission allows apparent success to test faith—will believers trust God when wickedness triumphs? Yet prosperity is always temporary; Antiochus died insane and in agony (2 Maccabees 9). God permits evil's apparent victory to refine His people, but He guarantees ultimate vindication. This points to Christ, who through apparent defeat (crucifixion) accomplished ultimate victory, reversing Satan's temporary triumph.

## Historical Context

---

Antiochus initially prospered—conquered Egypt, expanded territory, accumulated wealth. Yet his success came from political maneuvering and Roman alliance, not personal power. His persecution killed thousands: elderly scribe Eleazar, mother with seven sons, and countless faithful Jews who refused apostasy. Yet his apparent triumph ended suddenly—divine judgment struck him with intestinal disease, causing excruciating death. His "prosperity" lasted barely three years of intense persecution (167-164 BC) before Maccabean victory and his demise.

## Study Questions

---

1. How should knowing that persecutors' power comes externally (not intrinsically) encourage believers facing opposition?
2. What does wickedness's temporary prosperity teach us about requiring faith to trust God's ultimate justice?
3. In what ways does Antiochus's pattern—apparent success followed by divine judgment—prefigure Antichrist's future defeat?
