

# Esther 1:19

Authorized King James Version (KJV)

If it please the king, let there go a royal commandment from him, and let it be written among the laws of the Persians and the Medes, that it be not altered, That Vashti come no more before king Ahasuerus; and let the king give her royal estate unto another that is better than she.

## Analysis

The proposed decree: **'If it please the king, let there go a royal commandment from him, and let it be written among the laws of the Persians and the Medes, that it be not altered, That Vashti come no more before king Ahasuerus; and let the king give her royal estate unto another that is better than she'**. Memucan proposes permanent, irrevocable decree banishing Vashti and replacing her with another queen. The phrase 'that it be not altered' reflects Persian law's immutability (Daniel 6:8, 12)—once written into law, even the king couldn't reverse it. The statement that replacement would be 'better than she' added insult to punishment. This harsh, permanent sentence for refusing degrading command demonstrates the injustice, yet God's providence uses it to position Esther.

## Historical Context

Persian legal immutability created both stability and inflexibility. Once laws were officially decreed and sealed, not even the king could change them—creating problems when circumstances changed (as Esther 8 demonstrates when Haman's decree couldn't be revoked). Memucan's proposal made Vashti's banishment permanent and created legal mandate for finding new queen. The phrase 'better

than she' might mean more beautiful or more obedient—either way, it justified replacement and intensified humiliation. This unjust sentence against Vashti for maintaining dignity became the providential mechanism bringing Esther to the throne.

## Study Questions

---

1. How does law's immutability create both order and injustice, and what does this teach about legalistic systems?
2. What does God's use of Vashti's unjust punishment to position Esther teach about His comprehensive sovereignty?
