

# Exodus 2:16

Authorized King James Version (KJV)

Now the priest of Midian had seven daughters: and they came and drew water, and filled the troughs to water their father's flock.

## Analysis

**Now the priest of Midian had seven daughters: and they came and drew water, and filled the troughs to water their father's flock** (וּלְכֹהֵן מִדְיָן שֶׁבַע בָּנוֹת) — **The priest of Midian** is Reuel/Jethro (v. 18, 3:1), keeper of Midianite religious traditions possibly preserving Abrahamic monotheism (Genesis 25:2). **Seven daughters** (שֶׁבַע, sheva, number of completion) draw water for **their father's flock**. The scene depicts pastoral life Moses will live for 40 years, learning wilderness survival, shepherd skills, and patience—all essential for leading Israel. The daughters' vulnerability (v. 17) sets up Moses' intervention, showing his character despite his failures.

## Historical Context

Shepherding was common in semi-nomadic Midianite culture. That a priest's daughters shepherd flocks indicates either economic necessity or cultural norms (like Rachel in Genesis 29:9). Wells were communal resources often contested (Genesis 21:25, 26:20-21). Jethro's later advice to Moses (18:13-27) shows his wisdom influenced Israel's governance structure.
