

Exodus 26:19

Authorized King James Version (KJV)

And thou shalt make forty sockets of silver under the twenty boards; two sockets under one board for his two tenons, and two sockets under another board for his two tenons.

Analysis

Forty silver sockets under the twenty boards (two per board)—silver consistently represents redemption. Each board stands on redemption's foundation, not personal strength. Forty is the number of testing/trial; our standing is tested, but silver sockets (redemption purchased by Christ) remain firm. Two sockets per board suggest the dual witness of the gospel—Christ's death and resurrection—on which we stand.

Historical Context

Each silver socket weighed one talent (approximately 75 pounds), making the foundation extraordinarily substantial—about 3,000 pounds of silver for the south side alone. This massive foundation ensured the tabernacle stood firm despite desert winds.

Study Questions

1. How does standing on redemption (silver) rather than personal merit affect your stability during trials?
2. What does the dual foundation (two sockets) under each board teach about the gospel's complete work?
