

# Exodus 4:2

Authorized King James Version (KJV)

And the LORD said unto him, What is that in thine hand? And he said, A rod.

## Analysis

---

**And the LORD said unto him, What is that in thine hand? And he said, A rod** (הַמְטֵה, matteh)—God's question focuses Moses on what he already possesses. **A rod** (הַמְטֵה, matteh)—the shepherd's staff, Moses' ordinary tool for 40 years. God specializes in using the ordinary—shepherd's staff, widow's mite, boy's lunch, fishermen, tax collectors. The **rod** will become the rod of God (4:20), instrument of miracles: water to blood, parting the Red Sea, striking the rock. This question teaches that God doesn't always provide new resources—He transforms what we already have when consecrated to His purposes.

## Historical Context

---

The shepherd's rod (matteh) was typically 4-6 feet long, used for guiding, protecting, and disciplining sheep. This same Hebrew word means both "rod/staff" and "tribe" (matteh), connecting Moses' leadership tool to tribal authority. The rod becomes Moses' signature symbol throughout Exodus, wielded to demonstrate God's power over nature, empires, and spiritual forces.

## Study Questions

---

1. What ordinary 'rod' in your hand might God want to transform for extraordinary purposes?
2. How does God's question 'What is in your hand?' challenge you to offer what you already have rather than waiting for new resources?
