

Hebrews 7:12

Authorized King James Version (KJV)

For the priesthood being changed, there is made of necessity a change also of the law.

Analysis

The priesthood change necessitates a law change - they're inseparable. The Mosaic law established the Levitical priesthood; changing priesthoods requires changing the entire legal framework. Reformed covenant theology sees this as the transition from old to new covenant. The law has been fulfilled in Christ (Matthew 5:17), and believers relate to God through the new covenant in Christ's blood, not Sinai's tablets.

Historical Context

This would be shocking to Jewish readers who saw Mosaic law as eternal. The author demonstrates from Scripture itself (Psalm 110:4) that God planned to change the priesthood, requiring a new covenant (Jeremiah 31:31-34).
