

# Hebrews 9:25

Authorized King James Version (KJV)

Nor yet that he should offer himself often, as the high priest entereth into the holy place every year with blood of others;

## Analysis

---

Christ did not enter the heavenly sanctuary to 'offer Himself often, as the high priest enters the Most Holy Place every year with blood not his own.' The contrast is repetition vs. once-for-all. The high priest's annual sacrifice demonstrated inadequacy - it never finally dealt with sin. Christ's single sacrifice accomplished complete redemption. Reformed theology emphasizes the finished nature of Christ's atonement - nothing can be added to it.

## Historical Context

---

The annual Day of Atonement (Leviticus 16) revealed the limitation of the Levitical system. Its repetition proved its inadequacy. Christ's sacrifice needed no repetition because it achieved complete, permanent atonement.

## Study Questions

---

1. Why did the old covenant sacrifices need constant repetition, and how does this prove their inadequacy?

2. What does the non-repeatable nature of Christ's sacrifice teach about its sufficiency?
