

Job 16:6

Authorized King James Version (KJV)

Though I speak, my grief is not asswaged: and though I forbear, what am I eased?

Analysis

Though I speak, my grief is not asswaged אִם־אָדַבְּרָה לֹא־יִשְׁלַׁחֲנָה (im-adabberah lo-yechasekh ke'evi)—The verb **חסַךְ** (chasakh) means 'to withhold, restrain, hold back.' Job's **קָאֵב** (ke'ev, pain/grief) remains uncontainable regardless of speech.

And though I forbear, what am I eased? וְאַחֲדֵלָה מִה־מְעַפֵּי יַהֲלוֹךְ (ve'achdela mah-mimmenni yahalokh)—Whether Job speaks or remains silent, his suffering continues unabated. The verb **הַלְךָ** (halakh, 'to go, depart') governs his pain—it won't 'leave.' This captures the inescapable totality of extreme suffering: neither expression nor suppression provides relief. Job's friends assume speech itself causes his problem; Job knows the problem transcends language.

Historical Context

Ancient Near Eastern lament literature often explored whether voicing grief helped or hindered healing. The Mesopotamian 'Ludlul Bel Nemeqi' ('I Will Praise the Lord of Wisdom') similarly depicts a sufferer whose complaints bring no relief. Job adds the opposite: silence helps no more than speech.

Related Passages

1 John 4:8 — God is love

John 15:13 — Greatest form of love

Study Questions

1. Have you experienced suffering so total that neither expressing it nor suppressing it brought relief?
2. How does Job's experience challenge the modern therapeutic assumption that 'talking about it' always helps?
3. What does it mean to faithfully endure when neither action nor inaction alleviates pain?
