

Job 31:6

Authorized King James Version (KJV)

Let me be weighed in an even balance, that God may know mine integrity.

Analysis

Job requests: 'Let me be weighed in an even balance, that God may know mine integrity.' The phrase mo'znei-tsedeq (מֹזְנֵי-צֶדֶק, even balance) refers to honest, accurate scales. Shakal (שָׁקַל, weighed) means to weigh out or measure. Job invites divine assessment, confident in his innocence. The phrase 'that God may know' uses yada (יָדָע, know), not implying God lacks knowledge but expressing confidence that divine examination will vindicate. Tummah (תָּמִיךְ, integrity) means completeness or innocence. Job's confidence in divine scrutiny demonstrates clear conscience.

Historical Context

Ancient Near Eastern imagery frequently used balances/scales for judgment (Egyptian afterlife judgment weighed hearts against feather of truth). Biblical imagery similarly employs weighing for divine judgment (Daniel 5:27). Job's invitation for God to weigh him demonstrates confidence—unlike his friends who assume divine weighing already condemned him. The passage anticipates final judgment when God will weigh all and vindicate the righteous.
