

# Job 37:11

Authorized King James Version (KJV)

Also by watering he wearieth the thick cloud: he scattereth his bright cloud:

## Analysis

---

**By watering he wearieth the thick cloud** (אָפַתְּרֵי יְתָרֵם עַב, af-beri yat'riah 'av, The verb tara'ach (תָּרַח) means to burden or load down; God 'burdens' clouds with moisture until they're heavy with rain. The noun 'av (עַב) denotes thick, dark storm clouds. **He scattereth his bright cloud** (יָפִיץ עַנְןָ אֹרֶן, yafits 'anan 'oro, —yafits means to scatter or disperse; anan (עַנְןָ) is cloud; or (אֹרֶן) is light or lightning.

Elihu describes two divine actions: loading clouds with water-weight, then scattering them with lightning-light. This combines God's nurturing provision (rain for crops) with His terrifying power (lightning strikes). The juxtaposition shows God's governance integrates opposite purposes—gentle watering and violent flashing—in a single meteorological event.

## Historical Context

---

Ancient observers saw thunderstorms as divine warfare—clouds as God's chariots, lightning as His arrows (Psalm 18:12-14). Elihu demythologizes pagan storm-god myths while maintaining God's active involvement, presenting weather as divine artistry combining beauty (bright clouds) and power (wearisome weight).

## Related Passages

## Study Questions

---

1. How do you see God's simultaneous gentleness (watering) and power (lightning) in your current circumstances?
2. What does it mean that God 'burdens' clouds before releasing rain—how might He 'burden' you with preparation before blessing?
3. Why does Scripture so often combine opposite divine attributes (nurturing/terrifying, gentle/powerful) in the same image?

## Interlinear Text
