

# John 19:1

Authorized King James Version (KJV)

Then Pilate therefore took Jesus, and scourged him.

## Analysis

---

**Pilate therefore took Jesus, and scourged him** (ἐμαστίγωσεν, emastigōsen)—The verb denotes brutal flogging with a flagrum, a Roman whip embedded with bone, metal, or glass designed to shred flesh. This was distinct from the normal pre-crucifixion scourging; Pilate likely intended it as substitute punishment to satisfy the mob while releasing Jesus (Luke 23:16, 22).

The terseness of John's account intensifies the horror—no details, just the verb. Isaiah 53:5 reverberates: "with his stripes we are healed." Pilate's political calculus—torture as compromise—failed utterly. He underestimated both the mob's bloodlust and the salvific necessity of Christ's death. What Pilate meant as appeasement, God orchestrated as atonement. The scourging fulfilled prophecy (Psalm 129:3: "The plowers plowed upon my back: they made long their furrows") and demonstrated that Jesus's kingdom advances not through avoiding suffering but through redemptive endurance of it.

## Historical Context

---

Roman scourging (verberatio) was so severe that victims often died before crucifixion. The third-century church father Eusebius described it as tearing flesh to expose veins and internal organs. Jewish law limited lashes to 39 (Deuteronomy 25:3), but Romans had no such restrictions. Pilate wielded scourging as political tool—intimidation through state-sanctioned brutality.

## Study Questions

---

1. How does the physical brutality of the scourging deepen your understanding of "by his stripes we are healed"?
2. What does Pilate's failed compromise teach about trying to partially satisfy evil rather than standing for truth?
3. How does Jesus's silent endurance of scourging model response to unjust suffering?
