

# Leviticus 2:13

Authorized King James Version (KJV)

And every oblation of thy meat offering shalt thou season with salt; neither shalt thou suffer the salt of the covenant of thy God to be lacking from thy meat offering: with all thine offerings thou shalt offer salt.

## Analysis

---

**And every oblation of thy meat offering shalt thou season with salt; neither shalt thou suffer the salt of the covenant of thy God to be lacking from thy meat offering: with all thine offerings thou shalt offer salt.**

This verse falls within the section on **Grain Offerings**. The grain offering (מִנְחָה, minchah) was a tribute offering acknowledging God's provision and expressing devotion through the fruits of human labor.

The five main offerings (burnt, grain, peace, sin, and guilt) addressed different aspects of relationship with God, all fulfilled in Christ's comprehensive sacrifice. What Leviticus portrayed through types and shadows, Christ fulfilled in reality through His incarnation, perfect life, atoning death, and resurrection.

## Historical Context

---

The grain offering (מִנְחָה, minchah) was a tribute offering acknowledging God's provision and expressing devotion through the fruits of human labor. Leviticus was given to Israel at Mount Sinai, shortly after the tabernacle's construction described in Exodus. The name 'Leviticus' (from Latin Leviticus, referring to the Levites) reflects its focus on priestly duties, though the Hebrew title Wayyiqra

('And He called') emphasizes God's initiative in revealing these laws. The first seven chapters detail the five main offerings, providing both worshiper instructions and priestly procedures. Ancient Near Eastern cultures had various sacrificial systems, but Israel's sacrificial worship was unique in its ethical foundation, monotheistic framework, and emphasis on atonement rather than appeasement. Unlike pagan rituals focused on manipulating deities, Israel's sacrifices acknowledged God's sovereignty and sought reconciliation based on His gracious provision. The tabernacle's design parallels ancient Near Eastern temple architecture, yet its portable nature and absence of divine images distinguished it from pagan temples.
