This verse falls within the section on **Priestly Instructions for Offerings**. Detailed regulations for priests administering the sacrificial system, emphasizing holiness and proper handling of sacred things.

Hebrews 9-10 explains how Christ's once-for-all sacrifice supersedes the repeated Levitical offerings, providing permanent cleansing from sin.

Historical Context

Detailed regulations for priests administering the sacrificial system, emphasizing holiness and proper handling of sacred things. Leviticus was given to Israel at Mount Sinai, shortly after the tabernacle's construction described in Exodus. The name 'Leviticus' (from Latin Leviticus, referring to the Levites) reflects its focus on priestly duties, though the Hebrew title Wayyiqra ('And He called') emphasizes God's initiative in revealing these laws. The first seven chapters detail the five main offerings, providing both worshiper instructions and priestly procedures. Ancient Near Eastern cultures had various sacrificial systems, but Israel's

sacrificial worship was unique in its ethical foundation, monotheistic framework, and emphasis on atonement rather than appeasement. Unlike pagan rituals focused on manipulating deities, Israel's sacrifices acknowledged God's sovereignty and sought reconciliation based on His gracious provision. The Israelite dietary laws in Leviticus 11 have no exact parallel in surrounding cultures, though some ancient cultures had food taboos, suggesting unique revelation rather than borrowed customs.
