

Luke 1:62

Authorized King James Version (KJV)

And they made signs to his father, how he would have him called.

Analysis

Making signs to Zacharias 'how he would have him called' shows respect for paternal authority despite his muteness. Their expectation that Zacharias would choose the name reveals assumption of his decision-making role. The detail emphasizes Zacharias's continued inability to speak nine months after Gabriel's appearance, confirming the sign's duration and severity. This moment of requiring Zacharias's confirmation builds dramatic tension—will he agree with Elisabeth or contradict her? Will he obey God or yield to family pressure? His response will demonstrate whether nine months of silent discipline have produced humble submission to God's word. The community's seeking his input shows proper order even while he cannot speak.

Historical Context

Despite Elisabeth's clear statement, the community defers to Zacharias as father and household head. His nine months of muteness would have made him dependent on written communication, adding weight to whatever he would write in response.
