

# Matthew 8:15

Authorized King James Version (KJV)

And he touched her hand, and the fever left her: and she arose, and ministered unto them.

## Analysis

---

The phrase 'the fever left her' emphasizes the completeness and immediacy of Christ's healing power. Unlike natural recovery requiring convalescence, Jesus' touch produced instant restoration to full health and strength. Her immediate rising and serving demonstrates both the thoroughness of healing and grateful response to grace received. This illustrates the principle that those Christ heals are empowered for service, not merely restored to passive comfort.

## Historical Context

---

Fevers in the ancient world were often life-threatening without modern medicine. Luke's gospel (Luke 4:38) calls this a 'great fever,' indicating serious illness. Jesus' healing without medication or recovery time demonstrated supernatural power over disease.
