

# Numbers 1:38

Authorized King James Version (KJV)

Of the children of Dan, by their generations, after their families, by the house of their fathers, according to the number of the names, from twenty years old and upward, all that were able to go forth to war;

## Analysis

---

Dan's census continues the methodical record of God's covenant people, maintaining the same genealogical precision for every tribe regardless of their later history. God's thorough documentation of Dan, despite the tribe's subsequent apostasy, demonstrates His common grace and providential care even for those who will ultimately prove unfaithful. This sobering reality warns against presumption while also revealing God's patience and long-suffering toward His people.

## Historical Context

---

Dan's original territory lay in the coastal lowlands, but pressure from the Philistines drove the tribe to migrate north, where they conquered Laish and established a rival worship center (Judges 18). This migration began Dan's trajectory toward apostasy.

## Study Questions

---

1. How does God's careful organization of Dan despite their future apostasy warn us against presuming on divine grace?
2. What does this teach us about the tragedy of squandering spiritual privileges and covenant status?
