

# Numbers 24:25

Authorized King James Version (KJV)

And Balaam rose up, and went and returned to his place: and Balak also went his way.

## Analysis

---

**And Balaam rose up, and went and returned to his place: and Balak also went his way**—Balaam's departure (בָּאָמָת... וַיֵּלֶךְ וַיָּשָׁב qam... vayelekh vayashav, 'rose... went... returned') marks the oracle sequence's conclusion. The parallel structure—**Balaam returned to his place, Balak went his way**—emphasizes anticlimactic separation after the dramatic prophecies. Despite supernatural encounters and profound oracles, both men returned to their former paths.

Tragically, Numbers 31:8,16 and Revelation 2:14 reveal Balaam later advised Midianites to seduce Israel through intermarriage and Baal-worship, causing the Peor plague (Numbers 25). Though unable to curse Israel directly, Balaam found indirect means to profit from Israel's destruction. Peter warns against 'the error of Balaam' (2 Peter 2:15; Jude 11)—using spiritual gifts for personal gain while compromising moral integrity.

## Historical Context

---

Balaam returned to Pethor (Mesopotamia, 22:5) after failing to curse Israel. However, he soon reappeared in Midianite territory (modern Jordan), where he counseled the Baal-peor seduction scheme (Numbers 31:16). He died in Israel's judgment on Midian (Numbers 31:8), earning infamy as paradigm of prophetic corruption.

## Study Questions

---

1. How does Balaam's 'return to his place' after supernatural encounters warn against hearing God's word without transformation?
2. What does Balaam's later advice causing Israel's Peor sin teach about the danger of prophetic gifting divorced from moral character?
3. How can believers ensure that encounters with God produce heart change rather than merely temporary religious experience before 'returning to your place'?
