

Numbers 3:23

Authorized King James Version (KJV)

The families of the Gershonites shall pitch behind the tabernacle westward.

Analysis

The Gershonites' assigned camp position 'behind the tabernacle westward' demonstrates that even camp arrangement served theological purposes. The four sides of the tabernacle housed different Levitical clans, creating a living barrier between God's holy presence and the people's camp. This spatial arrangement taught Israel that approaching God requires mediation, a principle fulfilled in Christ who stands between God's holiness and human sin, providing the only safe access to the Father.

Historical Context

The western position placed the Gershonites opposite Judah's camp (east side), creating a pattern where Levitical clans surrounded the tabernacle on all four sides. This arrangement both protected the tabernacle and prevented unauthorized approach by common Israelites.
