

# Numbers 6:20

Authorized King James Version (KJV)

And the priest shall wave them for a wave offering before the LORD: this is holy for the priest, with the wave breast and heave shoulder: and after that the Nazarite may drink wine.

## Analysis

The wave offering ritual, where the priest waved portions before the LORD, symbolized presenting offerings to God and receiving them back for priestly consumption. This represented fellowship between God and worshiper through the mediating priest. After this ceremony, the Nazirite was released to drink wine, demonstrating that the vow's restrictions were temporary, not permanent. This teaches that special seasons of consecration serve specific purposes but need not become permanent burdens. Christian liberty allows for temporary restrictions undertaken voluntarily for spiritual purposes.

## Historical Context

The wave offering involved the priest placing hands under the worshiper's hands and moving the offering in a ceremonial motion, symbolizing presentation to God. Portions were then consumed by the priests, showing that God's servants were sustained by offerings brought by the people. The Nazirite's freedom to drink wine after the ceremony marked full restoration to normal life, having completed the vow faithfully. This prevented the vow from becoming a burden and showed its voluntary, temporary nature.

1. How does the temporary nature of the Nazirite vow challenge the idea that more restrictive lives are always more spiritual?
2. What voluntary restrictions might you embrace for a season to deepen devotion to God, understanding they need not be permanent?
