

# Numbers 7:14

Authorized King James Version (KJV)

One spoon of ten shekels of gold, full of incense:

## Analysis

---

The golden spoon weighing ten shekels, full of incense, represents prayer ascending to God. Incense consistently symbolizes prayer throughout Scripture. The gold vessel emphasizes the preciousness of prayer—we approach God not through ordinary means but through channels refined and precious. The specific weight indicates standardization; each prince brought the same amount, showing that God receives all His people's prayers equally, regardless of tribal size or prominence. The fullness of the spoon teaches that prayer should be wholehearted, not perfunctory.

## Historical Context

---

Incense was burned on the golden altar inside the holy place, creating fragrant smoke that filled the sanctuary. The incense formula was prescribed by God and could not be replicated for common use. Only the priests could offer it, though in this dedication the princes' offerings were mediated through the priesthood.
