

# Proverbs 20:11

Authorized King James Version (KJV)

Even a child is known by his doings, whether his work be pure, and whether it be right.

## Analysis

---

Even children reveal their character through actions—whether pure and right. This challenges sentimental views of childhood innocence, affirming that sin manifests early. Yet it also shows the importance of observing children's conduct to guide their formation in wisdom and righteousness.

## Historical Context

---

Ancient pedagogy involved careful observation of children's behavior to discern their bent and guide appropriate training. Proverbs 22:6 counsels training children according to their particular way.
