

# Psalms 19:6

Authorized King James Version (KJV)

His going forth is from the end of the heaven, and his circuit unto the ends of it: and there is nothing hid from the heat thereof.

## Analysis

---

The sun's rising is from heaven's end, its circuit to the other end; nothing is hidden from its heat. The Hebrew 'tequphah' (circuit/course) describes the sun's apparent path. Universal coverage—nothing escapes its light and heat—parallels God's omniscience and omnipresence (Psalm 139:7-12). This anticipates judgment day when all hidden things will be revealed (1 Corinthians 4:5, Hebrews 4:13).

## Historical Context

---

Ancient cosmology viewed the sun as traversing a dome over the earth. The poetic imagery serves theological truth about God's all-seeing nature.
