

Psalms 9:15

Authorized King James Version (KJV)

The heathen are sunk down in the pit that they made: in the net which they hid is their own foot taken.

Analysis

This verse illustrates the principle of divine retribution—the wicked fall into their own traps. The Hebrew concept of 'mishpat' (judgment) here reveals God's providential ordering where sin contains its own punishment. This anticipates Paul's teaching that God 'gives them over' to their sin's consequences (Romans 1:24-28).

Historical Context

Reflects ancient Near Eastern warfare where armies would dig pits and set snares for enemies, only to sometimes fall victim to their own devices.
